

The Jr. and Mini DCC will be a performance based group for ages 5-12 that allow every little girl their chance to experience being a world famous Dallas Cowboys' Cheerleader. They will perform several times throughout the year all while giving back to their community just like the real DCC.

Our heart for our community and our passion for dance gives us the perfect platform to engage with children both through instruction and character development. We want your child to experience the rush of game day, the support of a team, the excitement of performing, and the enjoyment of learning to care and be kind to others.

2017 Summer Session
